Subject: No Further Corrective Action Required for the Petroleum Release at (facility name),
(address), MT, **FACILITY ID# xxxxxx, DEQ RELEASE# xxxx**

Dear Mr./Ms.:

The Department of Environmental Quality Petroleum Release Section (DEQ-PRS) has reviewed information associated with the petroleum release at the above-referenced location. Based on the available information, it appears that the corrective action was proper and that no further investigation or cleanup activities are needed. You may still be responsible for any damages not yet identified resulting from leaks, spills, or improper closure of the tank(s).

The decision that no further corrective action is required is based on the following:

➤ (be specific, indicate residual contamination if present)

The DEQ-PRS will maintain your "release" file so that if you need any information in the future or new problems with your site arise, it can be accessed easily. If you still have outstanding permit requirements or fees due, you will be contacted separately by the Technical Services Bureau's Environmental Services Section.

If you have any questions concerning this letter please contact this office at (406) 444-1420. The DEQ-PRS appreciates your cooperation concerning corrective action requirements.

Sincerely,

(project manager)
Environmental Specialist
